Dear Mr. Weisberg,

I'm writing to you regarding your book which was discussed on the Alan Burke show. Thank you for having the interest and for caring enough to write it. I have inquired at the only local book store here but they do not have the book and I would like to purchase it. will you kindly let me know the price and cost of shipping it to my home and I will send you my check. I was one of those persons who at the time of the loss of our president had doubts that Lee Harvey Oswald

was the person who had done it. Neither could I accept or understand the apparent negligence and indifference on the part of the Dallas police force.

The government may have felt the need of keeping things from the people so as not to have disturbances in our own borders but if that was the case I think they made a wrong decision. We should know what persons or groups here to be on guard against, if that was the case.

Yours truly

(Miss) Virginia Cronk
